FUSIA Communications, Inc.
55 Washington Street, Suite 628
Brooklyn, NY 11201

Dear Friends,

Please accept my sincerest salutations and congratulations as you gather for the FUSIA Communication's Cross Cultural Internship Program's 2015 Recognition Activity at Citi Field. I am grateful to have the opportunity to acknowledge the work of the Cross Cultural Internship Program and its leadership over the years.

The Cross Cultural Internship Program works to encourage individuals and organizations to build mutually beneficial cultural exchanges that create a shared global vision and mutual respect. Since 2008, over 800 students have participated in this diverse cultural exchange that has built a cultural gateway between students. During the seven week sessions, CCIP's students assist with social activities that reinforce the mission of CCIP through humanitarian work.

Workshops that encourage teamwork and the importance of hard and soft skills, like cultural competency and mutual understanding, help to cultivate the next generation of global leaders. I applaud the work of FUSIA Communications, Inc. for its commitment to offer unique insights, ideas and experiences to U.S. organizations that provide invaluable guidance and resources to the 70 students taking place in your program.

Once again, congratulations and best wishes on the 2015 Recognition Activity event. Thank you for your commitment to build a gateway for cultural understanding and mutual respect between the east and the west. I hope that the Cross Cultural Internship Program and FUSIA Communications, Inc. will continue to serve our youth for many years to come. Best wishes for a wonderful event.

Sincerely,

Charles E. Schumer
United States Senator
